

V-200 Car Air Compressor

Smart Digital Display – Real-time tire pressure monitoring for precise inflation
 Fast Inflation – High efficiency with a speed of 45L/min, saving time
 Night Lighting – Built-in LED light for convenient use in dark environments
 Preset Inflation Stop – Automatically stops when the set pressure is reached, preventing over-inflation
 Powerful Dual Pump – Ensures stable air pressure output, suitable for various vehicle types

The V-200 Car Air Compressor is designed with smart digital display, fast inflation, night lighting, preset inflation stop, and a powerful dual-pump system. It is an essential tool for car owners to handle tire emergencies efficiently.

Applicable scenarios

Sedan

SUV

MPV

Small train

Ball

Bicycle

Motorcycle

Swim ring

Basic parameters

Dimensions: 21.5 × 8 × 14 cm	Net Weight: 1.5 kg
Power Source: Cigarette lighter / Battery clamp	
Voltage / Current: 12V / 10A	Inflation Speed: 45L/min
Maximum Pressure: 8kg	Material: Copper, aluminum, plastic
Cylinder Specification: 30mm (customizable)
